The Directors have the overall responsibility for leading and supervising the Group for delivering sustainable shareholder value through its guidance and supervision of the Group's business. The Directors set the strategies and policies of the Group. They monitor performance of the Group's business, quide and supervise its management.

Going concern

These condensed consolidated interim financial statements have been prepared under the going concern basis for the three months period ended March 31, 2023, despite the fact that the Group has incurred a loss of AED 26,320,309 and has accumulated losses which was offset against voluntary reserve as at the same date, also the current liabilities exceeded the current assets by AED 170,691,789 as at that date. These events or conditions indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern.

The major challenges of the period were the higher production cost due to the rising coal and fuel prices. In response to these challenges, the Group's management was able to increase the rate of cement in both local and international markets. The management is also exploring to enter other markets outside UAE to maximize the capacity utilization.

Management believes that the above actions and the feasibility of future plans by the Board of Directors will improve its ability to generate future profits and cash flows and continue its operations in the foreseeable future. Hence, the accompanying condensed consolidated interim financial statements have been prepared on a going concern basis.

Events after period end

In the opinion of the Directors, no transaction or event of a material and unusual nature, favourable or unfavourable has arisen in the interval between the end of the financial period and the date of this report, that is likely to affect, substantially the result of the operations or the financial position of the Group.

To, The Board of Directors Fujairah Cement Industries P.J.S.C P. O. Box: 600 Fujairah, United Arab Emirates

Introduction

We have reviewed the accompanying condensed consolidated interim financial statements of Fujairah Cement Industries P.J.S.C (the "Parent Entity") and its subsidiary (together referred to as the "Group") which comprise the condensed consolidated interim statement of financial position as at March 31, 2023, and the related condensed consolidated interim statement of profit or loss and other comprehensive income, condensed consolidated interim statement of changes in equity, condensed consolidated interim statement of cash flows for the three months period then ended and the explanatory notes. Management is responsible for the preparation and presentation of this condensed consolidated interim financial statements in accordance with the IAS 34 'Interim Financial Reporting'. Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standards on Review Engagements 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity'. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards of Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements are not prepared, in all material respects, in accordance with IAS 34 'Interim Financial Reporting'.

Material Uncertainty Related to Going Concern

We draw attention to Note 2 to the condensed consolidated interim financial statements which states that the Group incurred a loss of AED 26,320,309 for the three months period ended March 31, 2023 (March 31, 2022: AED 15,416,283), the current liabilities exceeded the current assets by AED 170,691,789 as at that date (December 31, 2022: AED145,009,363), and failed to meet some of the financial covenants as per bank facility letters. As stated in Note 2, these events or conditions, along with other matters as set forth in that Note, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Emphasis of matter

We draw attention to Note 15 that states that the Group's Board of Directors resolved to offset the losses for the period amounting to AED 26,320,309 against voluntary reserve as at March 31, 2023. Our conclusion is not modified in respect of this matter.
